EQUAL DAN PATCH

Single G. Is Present Day Marvel
of the Track.

"Ozark Bear" Slipping Fast;
May Only Be Slump.

BY FRANK G. MENKE.

Single G, the phenomenal pacer of 1915, is looked upon by many experts as one of the few horses which may be able to fracture the 1:55 mark of the late Dan Patch.

The son of Anderson Wilkes upset all calculations for the grand circuit colicky meeting in Cleveland when he hung up two new world records in a three heat race. Pacing in 2:00 3/4, 2:00 1/4 and 2:01 1/4, he shattered all existing average heats for a race, by making the mark 2:00 3/4-100. Also he broke the world's record for average time for second and third heats by the same horse.

Those who watched Single G in his thrilling performance declare that he wasn't called to loosen all the wonderful speed in his legs; that he cut and will go faster if that be true, then Single G ought to come mighty close to Dan Patch's wonderful mark if he ever is turned loose in a flight against time with track and weather condition in his favor.

TO FIGHT ON LABOR DAY.

Levisky and Brown Matched—Rivers Will Meet Joe Flynn.

Chicago, Aug. 10.—Batting Levisky of New York and Knockout Brown, Chicago, were matched here today for a ten-round bout at Indiana Harbor, Ind., on Labor Day afternoon. Joe Rivers, Los Angeles, leaves here today for Colorado Springs, where he is scheduled to trade wallop with Joe Flynn, Coloradoan, in a fifteen-round bout.

What Ails Jeff Tesreau?

In 1915 he helped to pitch the Giants into the world series by winning 22 out of 35 starts. The following year—1914—he created even a greater fortune, winning 24 out of 35 games for an average of .722.

Tesreau then was only 25 years old, powerful of physique and mighty of arm. It seemed almost a certainty that he would be a winning pitcher for many years to come.

But in 1915 he started to skid. He won only 19 out of 35 games, which, in a way, can be regarded as a good showing on a tall and team. But included among Tesreau's victories were a number of extremely lucky wins.

Also several of the games he was credited with came to him while serving in an inning or two as relief heater. Somehow or other the 1915 Tesreau wasn't the same "Ozark Bear" of 1913 or 1914. The opposing wall-papers took liberties with his twisters and quite frequently they drove him to the cooler.

And now, in 1916, with a heavy hitting club behind him, Tesreau continues to founder alone. He has pitched only two or three really good games this season. His delivery isn't puzzling as of yore. The ball comes off his glove as if it were a dead bird.

Is Tesreau, at 27, really thru, or is he just in a lull during that all pitchers encounter sooner or later?

Glad to See Chamberlain Go

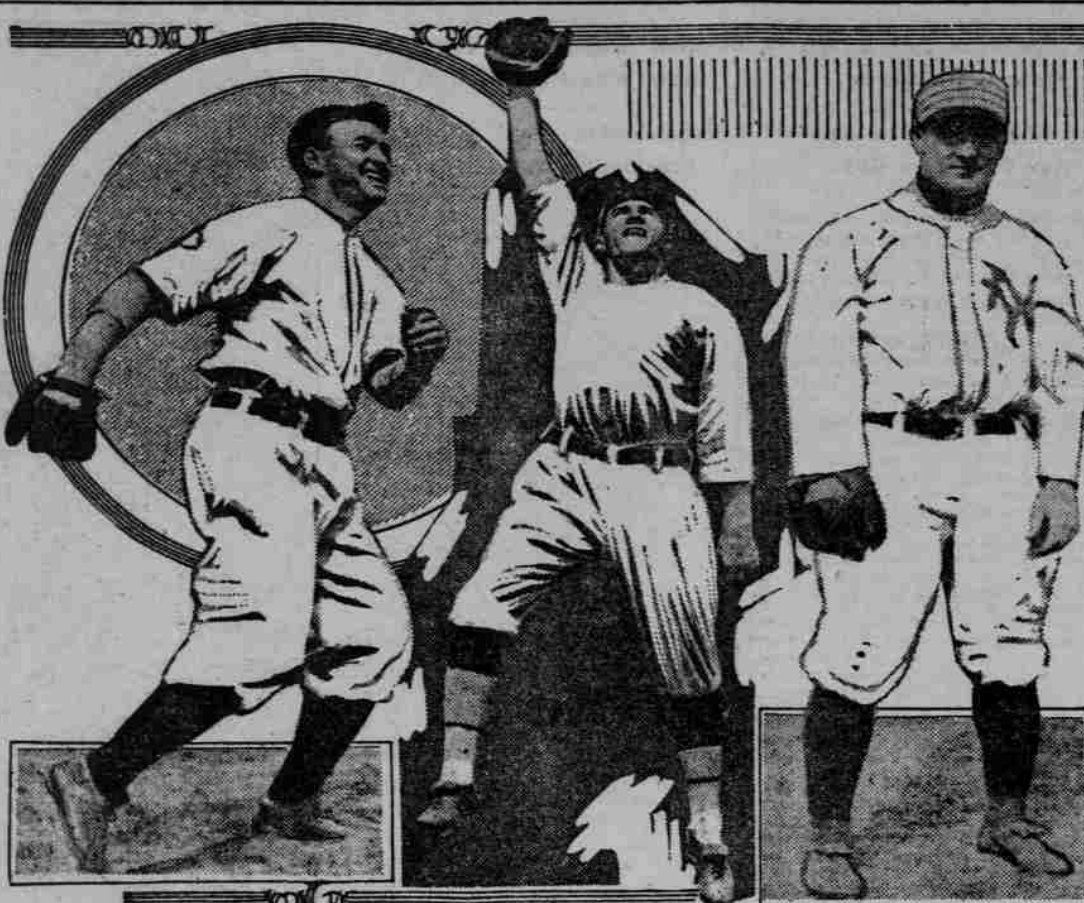

Lincoln, Neb., Aug. 10.—The recent appointment of Guy Chamberlain, former University of Nebraska football star, to the athletic directorship at Doane college of Crete, Neb., was good news to the schools in the Missouri Valley Conference and the other years learned to fear Chamberlain as they feared no other player in the valley.

Chamberlain's work at end did much to help Nebraska to two championships and ever-victorious teams.

Break Even at Goodland.

Goodland, Kan., Aug. 10.—The Emporia Normal barn-storming aggregation succeeded in defeating Goodland in one game of the two game series this week. The Emporia victory was the second which has been counted on the home grounds this year. The other defeat for Goodland was when the Denver Western league club appeared here. Goodland has defeated St. Joseph and Topeka, other Western league teams.

GIANTS HAVE OUTFIELD CLASS OF THE NATIONAL LEAGUE

Left to right: George Burns, Dave Robertson and Benny Kauff.

Most anyone will admit that in Burns, Robertson and Kauff the Giants have the outfield class of the National League. All are the niftiest fielders and all of them especially Robertson, are doing a good clip at the bat.

FOOD FOR FANS

(BY GEORGE E. PHAIR.)

Maybe it's the humidity. When days grow hot and brains grow dull and baseball does its slim. The baseball writers fill their space by trading home time.

After a thorough investigation we have found that the Great Zim (which is Henry Zimmerman's maiden name) has been sold, traded and exchanged 1,247,645 separate and distinct times.

I date on a heavy-weight fight. Where they stall and they clinch and they swing. It would fill my fond soul with delight. Were I seventeen miles from the ring.

Watching the leaders in the American League is much like watching an automobile race. Here he comes, there he goes. "The team that beats the Phils," quoths George Stalkey, "will finish first. It might be added that the team that doesn't beat the Reds will finish ninth."

We understand that an expert accountant is not required to keep track of all the games won by the Athletics. It ill behooves a human person, however, to make sport of the Athletics. As a famous sea captain in the Spanish-American war said, "Don't cheer, boys! The poor devils are dying."

Up to date nobody has put forth the theory that Mack's team is afflicted with infantile paralysis.

It is not necessary to go in swimming in order to be bitten by a shark. Just try to buy a pair of tickets to a popular show. GET BACK FOOTBALL PLAYERS.

Release of College Men From National Guard Will Strengthen Teams.

With the announcement made here this week that college students with the Kansas National Guard on the Texas border would be allowed to return to the state September 1, the football stock of several of the state institutions took a considerable jump.

Up to this time Kansas coaches have been worrying about their depleted teams and wondering if the men would get back to Kansas before fall practice.

The University of Kansas will get nine players back from the border, the Kansas State Normal school will have some returned, as well as several other schools in the state.

Sport Wheezes

—BY SID—

The Savages started their most recent, albeit short lived, winning streak while on the road. History is said to repeat itself; maybe they can start something this time. The boys have had time to think things over on their off-day and it is to be hoped they are mad enough to romp on some-body.

The Iowa Register says: "Owner John Savage of the Topeka baseball club, says the attendance at games in the capital city is something fierce. Why not move the club to Iowa for the remainder of the season?"

If the Iowa Register had seen that heart-breaking game with Lincoln or some of that series with Omaha it probably would be glad to stick to its Sunday school league.

Labor day fights are already looming up for the offing. Battling Levisky is scheduled to meet K. O. Brown on that date.

The Western league race has again become a slaughter, apparently. During the early part of the season it was freely predicted that the fight would be close, with eight teams in the running.

Fall is "Just around the corner," to use the weather man's favorite phrase, and the thoughts of many are turning to football. The schedule of Emporia Normal school has been announced. Football dope is beginning to circulate more loosely about the country; the weather is still hot enough to fizzle the grass on the fields.

The "Savages" quit just in time for the circus yesterday, but it probably would not have made much difference to the circus anyway. Incidentally, if Topeka people would turn out one tenth as strong for baseball as they do for the ring show there would be no talk of losing the team.

The underdog redemptive supreme today in the realm of the sport scribe, and he shall reveal therein for a fortnight whilst the regular pilot of the column in disparaging himself in a distant land. And the underdog shall attempt to liken his sayings unto the wheezings of Clug.

Whaddya say expect when the team's away from home? —SID.

Halley a Strong Catcher.

Connie Mack seems to have picked up the catcher he's been looking for in Pat Halley, who has been doing a high grade of work for Buffalo all season.

EMMER, RED UTILITY MAN, PLEASES MATTY

Infielder Frank Emmer.

Young Frank Emmer, the Red utility infielder who works well at either second, third or short, is getting into more games under Matty's management and has been earning all his wages. His fielding of late has been brilliant, but he doesn't yet hold up his end at bat.

T. R. FOR SUFF MOVE

Declares Takes Right Position in Support of Votes for Women.

New York, Aug. 10.—In a letter to Miss Alice Carpenter of the woman's committee of the Hughes Alliance, Col. Theodore Roosevelt today gave his endorsement to the formation of an organization specially established in the suffrage states to obtain the passage of a federal amendment providing for woman suffrage. The letter, which was in reply to one addressed to the ex-president asking his views on suffrage, said that "the time is ripe for the passage of such an amendment."

Mr. Hughes has unequivocally taken the right position," the letter added.

GET ANTI-AIRCRAFT GUNS

All Warships of Atlantic Fleet Will Be Armed with Them.

New York, Aug. 10.—The battleship Nevada will be equipped with four anti-aircraft guns a number of which have been received at the New York navy yard. The Pennsylvania also will carry four of these guns and it is stated that the rest of the larger warships of the Atlantic fleet will mount two of these new guns. The Oklahoma is now the only vessel in the navy carrying such weapons.
